

Denver Visible Indivisible

Welcome and thank you for your interest in Denver Visible!

We are a new Indivisible group with members from a variety of neighborhoods in Denver including Washington Park, Platt Park, Harvard Gulch, Sloan's Lake, Observatory Park and Crestmoor Park, and more. We are growing every day and welcome new members.

Communication is key and here's how we keep in touch:

- Biweekly newsletters
- Email blasts with action alerts and important event information
- Social Media (Facebook and BlueSky.)
- In person meetings approximately every 3 months

Denver Visible members are provided many avenues to take action to fight for our rights and preserve democracy. These include protests, marches, attending and organizing town halls, educating the public, canvassing, lobbying, registering new voters, focusing on special elections and the 2026 general elections, writing postcards and letters, making phone calls, and more!

We are all about collaborating and building relationships with other Indivisible groups in Denver. Power in numbers!
